Instaling clamps for panels MEP.1 and MEP.2

**MODERN**

*We design modern and stylish-looking fences. Every three months we launch a newly designed product.*

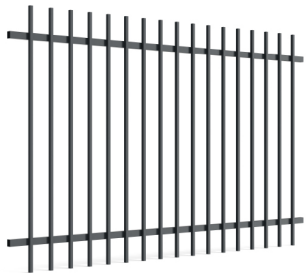

**ECONOMICAL**

*Fences are manufactured in batches. Bulk production ensures fast work-flow and low cost per unit. Economy of time and money, that simple.*

**PRECISE**

*The production facility is certified for Manufacture Certificate EN1090 according to which the welding process and production is carried out. That ensures precise execution with possibly no faults.*

**All for your properties**

**Fence panel**

**Pedestrian gates**

**Swing gates**

**Cantilever gates  
Boltfix frame**
